

MODULES/UNITS IN YEAR 9

AUTUMN TERM

German Expressionism Project | Drawing, Photoshop, Lino Printing, Painting and or Oil Pastel

Knowledge of the assessment objectives will be developed.
 Research, analysis, transcriptions will be done in sketchbooks.
 Own photography and photoshop manipulation will then be done to create a print design.
 The photoshop work will form the base of a 'woodcut', using lino.
 Health and Safety aspects when cutting and printing will be understood.

SPRING TERM

Theme: Beneath the Surface

Students will learn how to develop an idea from an initial thought to a final realisation, based on the title, 'Beneath the Surface'.
 Various artists will be looked at and studied in order to see how the theme can be interpreted in different ways.
 A series of outcomes will be produced in sketchbooks to show an understanding of assessment objectives 1,2 and 3.

SUMMER TERM

Theme: Beneath the Surface

Work will be focused predominantly on finalising an idea based on the theme and creating either a 2D or 3D outcome. This outcome will be based on tutor led activities

MODULES/UNITS IN YEAR 10

AUTUMN TERM

Still Life

Students will be developing their work ready for the mock examination by looking at a variety of artists who paint still life.
 The artists will be very different in terms of style. This will encourage students to work in a particular way and understand process and style.

SPRING TERM

Theme: Defence and Protection

The theme will be broken down into subheadings and deconstructed in order for students to be able to interpret ideas in a variety of ways.
 Specific artists will act as starting points for students to be able to guide their work and produce purposeful, meaningful and personalised outcomes that will be both rich and exciting, and fulfil the assessment criteria.
